

PRODUCT NAME: Flexible Linear Low Density Polyethylene Tubing

PWP Linear Low Density Polyethylene plastic tubing (LLDPE) is far superior to any LDPE, yet just as economical. With its superb stress-crack resistance, Linear Low Density Polyethylene plastic tubing is ideal for applications requiring low-temperature durability and flexibility. LLDPE tubing is widely used in transporting air, water, and chemicals. We manufacture LLDPE tubing from raw materials meeting FDA requirements. Plastic tubing meeting NSF 51/61 standards is also available.

LLDPE TUBING COLORS:

- Black
- White

COIL LENGTH:

- 100 ft
- 500 ft (.170, .250, 1/4 x 3/8, 3/8 x 1/2)
- 1000 ft (1/8, .170)

REEL LENGTH:

- 500 ft (.170, 1/4, 3/8)
- 1000 ft (1/16, .170)

Linear Low Density Polyethylene plastic tubing is available in cut pieces, special lengths and other colors on a custom basis
